

Mike Deputy - BIO

I first gained a love for barbershop harmony when my high school music teacher organized 4 of us young men into a quartet. We sang at school and church. I sang in HS choir and madrigals, and then in the BYU A Capella Choir. About 25 years ago, upon hearing the Saltaires Christmas performance in 1999, I joined the Barbershop Harmony Society and dove into the music, the service and the great friendships.

I served in chapter, district and international Society positions. I have enjoyed attending many Harmony Brigades, Harmony Platoons, Harmony Universities, Society conventions and meetings. I served for many years on the Harmony Foundation Board of Trustees. My recommendation: Get involved. The more you participate, the more friends you make and the more fun you have.
